**For shipping:**

✓ ADR ✓ RID ✓ ADN ✓ IMDG ✓ IATA

Description

Excepted Quantity marks must be used when you ship or carrier dangerous goods in Excepted quantity.

The labels are printed with number 3 and they can be used **only for shipment of class 3 goods** in excepted quantity.

They have a permanent adhesive, an indoor and outdoor life of 2 years, with pre-cut zig-zag supports to facilitate detaching the labels. The products come in thermowrapped packs and are made in Italy.

The adhesive is such that the information will still be identifiable on packages surviving at least 3 months immersion in the sea, as required by the IMDG Code (5.2.2.2.1.7).

The labels comply in shape, colour, format, symbol and text to the specifications as required by the Regulations on the Transport of Dangerous Goods.
