CONSENTITA SOLO SE IL COLLO
NON HA DIMENSIONI SUFFICIENTI

Description

Package orientation labels shall appear on two opposite vertical sides of the package when you **ship or carrier liquids in combination packagings or in overpack**.

They have a permanent adhesive, an indoor and outdoor life of 2 years, with precut zig-zag supports to facilitate detaching the labels. The products come in thermowrapped packs and are made in Italy.

The adhesive is such that the information will still be identifiable on packages surviving at least 3 months immersion in the sea, as required by the IMDG Code (5.2.2.2.1.7).

The labels comply in shape, colour, format, symbol and text to the specifications as required by the Regulations on the Transport of Dangerous Goods.

It has replaced code LAB-1113-PE.
