Description

UN certified 3H1 plastic jerrycans

Our UN certified 3H1 plastic jerrycans of 5 L are suitable for shipping hazardous liquids from Packing group II and III.

For the 5-liter plastic jerrycan a UN certified 4G box is available for the shipment of 1 jerrycan.

Our HDPE plastic jerrycans comply with the requirements of all the regulations (ADR, RID, ADN, IMDG) and in particular of the ICAO-TI / IATA regulation regarding the internal pressure difference and the double closure.

Attention:

1 - Before inserting any liquid, it is necessary to verify the chemical compatibility between the packagings and the dangerous goods that you want to insert.

2 - For the manual closure of the jerrycan, it is necessary to use the torque wrench (sold separately).
