Description

UN 4G certified fibreboard boxes supplied with 4 x 0.5 L HDPE bottles - PG982
UN 4G certified boxes supplied with the specific inner packaging (HDPE plastic bottles) with which they were tested.
Ideal for shipping samples, for example of chemicals or for actual product delivery.
4G boxes supplied with the specific inner packaging do not require the use of vermiculite.
Any empty spaces should be filled with cushioning material.
Innovative and easy-to-use solution ensures time saving in preparation, safe shipping and lower transportation costs.
4G boxes supplied with HDPE plastic bottles are certified for dangerous goods shipments according to ADR, RID, ADN, IMDG and ICAO-TI / IATA.
Can be used to ship dangerous goods belonging to packing groups II (Y) and III (Z).

Warning: Before inserting any product, it is necessary to check the chemical compatibility between the bottle and the dangerous goods you wish to inser
Warning: Before inserting any product, it is necessary to check the chemical compatibility between the bottle and the dangerous goods you wish to insert.
